Manchester, but those in favor of either move were so far in the hopoless minority that they soon realized the necessity of keeping quiet.

Incorporation and annexation were both killed; the overwhelming majority against either of these questions makes it practically impossible to move in either direction, and whatever the Manchester and Chesterfield Business Men's Association does at the meeting to-night will be of little avail.

The desired territory can only be annexed by order of the court, a special judge appointed by the Governor sitting in the case, and owing to the overwhelming majority of citizens opposed to it, it does not at present seem probable that any judge would decide in favor of taking the territory into the city. So far as Swansboro and the adjacent territory is concerned the question is settled. The Manchester Business Men's Association may take it up to-night, but it section will amount to little. Undoubtedly the report of the committee appointed to look into the matter will be received, but in view of the sentiment expressed last night, it will be likely laid on the table.

To Fight for Championship.

Manchester, which has recently become the Mecca of sporting men in this yicinity, is to witness the greatest sporting event yet seen here, when on next Wednesday night George Herbert, of Richmond, will meet Young Turner, of Washington, on the mat st Leader Theatre for the championship of the world.

of the world.

Both men are well known, and little can be said of their reputations that is not on the tongue of every man familiar with athletic events. Herbert has been seen here and in Richbert has been seen here and in Richmond many times, and is the present holder of the belt. He has met, successfully, the best men in his class who are at present contending for wrestling honors. Turner is a Capital City lad, and, in his class, is the equal of Joe Turner, from the same city, who at one time held the heavyweight championship of the South and from whom he took his name. The two men whom he took his name. The two men weigh about the same, and two falls must be obtained in an hour before either can be declared a winner. Sev-eral exciting three-round exhibition boxing matches will be pulled off as preliminaries.

There was recently published the formula of a famous beauty doctor who became wealthy in the profession of figure culture. Many of our famous actresses and society ladies, it is claimed, owe to her science the charming and exquisite proportion of figure which they enjoy.

So rapid and thorough is the treatment that one can almost "see the flesh grow." One young matron had to prove her identity to her husband after a month's absence, during which time she had used the home treatment. An increase of six inches is not unusual after a month's treatment.

Mr. and Mrs. D. L. Toney returned from Washington last night, where they attended the inauguration. Mr. Tonev says it was too cold to be comfortable.

Lew Dockstader and his minstrels, having been caught in and delayed by the Washington storm, brought the inaugural to Richmond last night, for at the Academy everything was Big augural to Richmond last night, for at the Academy everything was Big Bill Taft.

Poor old Teddy, who played such a star part last year, was not even men-tioned, but instead the scene was laid in the Possum Hunt Club and all the funny cracks were about the new President.

The Only Lew, made up as "Bill" Taft, met "Bill" Bryan at the bottom of the Fotomac River and then a few hot ones were exchanged. After the fray Mr. Taft called up the earth over the 'phone, chatted with Mayor Hichardson about "The Blue Mouse," and Judge Mann about prohibition, and how the audience did enjoy it!!

As a whole, the offering this year is the best yet, for there are many novelties and a number of new sought that are tuneful and catchy, such as "Broke."

It is to be regretted, however, that several of the jokes and some of the songs are distinctly vulgar, for with a lot of first-class comedians such rot is not necessary and should be cut.

"The Time, the Place and the Girl."

At the Academy to-night and to-morrow, matinee and night, the Askin-Singer production of "The Time, the Place and the Girl," one of the bigges musical successes of the past season, will be presented. It is the joint work of that prolific Western trie, Adams, Hough and Howard. The piece dombines a logical and well developed story, which could carry it to success as a straight comedy, but added to that it a brilliant dialogue and catchy music, accentuated by the presence of a large company of comedians, headed by Arthur Dunn, and an exceptionally pretty beys of chorus girls, handsome, y costumed. There is much genuine function takes place in the much after the faction, a bit or two of pathes, and such music as is selfour heard in a play of this class. The action takes place in the mountains of Virginia at a rest-cure sanatorium. To this haven escapes a card sharp, pursued by the officers of the law. After the officers arrive all are quarantined. The management of the Academy promises this as one of the biggest musical coincid of the sea-son.
